Iqaluit Aquatics Centre- Fitness Instructor Volunteer Application

Thank you for your interest in volunteering with the Aquatics Centre Fitness Centre Programs.

Volunteering is a great way to be active, gain new skills and experiences, meet people and provide a service to our community that may not otherwise be offered. Best of all, you will be taking action to promote what you think is important and making an overall difference.

Volunteer Requirements:

- Criminal Reference Check with Vulnerable Sector Report.
- Proof of TB testing.
- Current Adult CPR-AED certified.
- canfitpro Fitness Instructor Specialist (FIS) certification or equivalent (as determined by Fitness Centre Coordinator). *The City of Iqaluit Fitness Centre Coordinator will provide the canfitpro FIS course multiple times per year for those who wish to become certified at their own cost or you can take the certification on your own. See <http://canfitpro.com/fis> for more info.*

Volunteer Responsibilities:

- Read and adhere to responsibilities and expectations as outlined in the Fitness Centre's Volunteer Manual.
- Volunteers are expected to attend any mandatory volunteer meetings that are held.
- Volunteer Fitness Instructors must teach a minimum of two fitness class per week, based on a quarterly schedule as agreed upon by the Fitness Centre Coordinator, in order to receive additional volunteer benefits.

Volunteer Benefits:

- As a volunteer with the Fitness Centre, you can take pride in the fact that you will be providing fun fitness activities for the whole community. Your participation will assist us in building a city of healthy, active and engaged Iqalumiut. In addition to being a part of an amazing team of dedicated people, you will receive additional benefits, as the City is able to provide them. These will be outlined in your volunteer agreement.
- Fitness Instructor Specialists (FIS) may apply for a partial reimbursement for the cost of the canfitpro Fitness Instructor Specialist course, if applicable, after you have completed 52 hours of teaching, in one year, on top of the minimum volunteer hours required (2 hours per week).
- Continuing education and training may be provided whenever possible. These opportunities will be available through an application process and based on the volunteers commitment to the Aquatic Centre (extra volunteer hours worked, special events, consistently going above and beyond for minimum expectations as a volunteer, etc.)

Please complete the application below and return it along with a copy of your recent Criminal Reference Check (with Vulnerable Sector Report) and proof of TB testing to the Fitness Centre Coordinator.
